

ELIGIBILITY FOR AYA CANCER SUPPORT

Do they have a primary malignant tumour (or any CNS tumour) and were they aged 12-24 years at diagnosis?

YES

NO

DO THEY MEET THE FOLLOWING LEVEL 1 CRITERIA?

Do they have:

- o A localised neuroendocrine tumour
- o A localised melanoma
- o A CNS tumour of benign/uncertain behaviour
- o Single system LCH
- o Essential thrombocythemia

AND

Is their treatment plan likely to be:

- o surveillance only OR minor surgery OR medication only

WITH

- o no anticipated late effects

DO ANY OF THE FOLLOWING SPECIAL CIRCUMSTANCES APPLY?

- o They are likely to require a bone marrow transplant?
- o They are aged 25-29 years and are following the National AYA ALL Pathway?
- o They are aged 25-29 years and under the National AYA Sarcoma Service

NO

YES

INELIGIBLE FOR AYA CANCER SERVICES

Young people with the following are ineligible ;

- o Benign or uncertain tumours neoplasms (non-CNS) e.g. lipoma, and mature teratoma
- o In situ neoplasm e.g. CIN-III and melanoma in situ
- o Cancer predisposition syndromes e.g. NF1 and Li-Fraumeni syndrome
- o Haematological conditions that aren't cancer and won't require a bone marrow transplant
- o Patients over the age of 25 with cancer

General AYA supports may be offered by a member of their care team, such as providing links to electronic copies of Network resources that are relevant to those aged 25-29 with cancer.

YES

NO

LEVEL 1: ONE-OFF CONTACT

The keyworker is to identify the most appropriate person to take responsibility for contact - for example, another keyworker, an AYA Champion, or a CNS. The designated person will then do the following;

- o If necessary, contact the lead clinician to ensure the AYA has been told of their diagnosis and that it is an appropriate time to contact them
- o Contact the AYA (or to their caregiver if under 16)
- o Text link to the Network Consumer Info Sheet and the tumour-specific info sheet
- o Document contact in the patient notes

Unless significant concerns are raised by the clinician or young person, there will be no further follow up or monitoring by AYA Cancer Services or the Network.

Patient may be re-referred / self-refer if circumstances change, such as recurrence of melanoma.

proceed to the Tiered Framework for AYA Support to determine the appropriate Level of support required - i.e. Levels 2, 3 & 4
